TERMS OF SALE

1. Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitute."
2. No complaints entertained after five days from receipt of merchandise.
3. All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.
4. We supply 250 at the 1000 rate of each variety, except where specified to contrary.
5. This price list cancels our previous lists and quotations. No orders, please, for less than \$5.00.
6. All prices subject to change without notice.
7. Terms—Customers not having an established account with us, please send remittance with order. 50% in advance on all C.O.D. shipments.
8. All stock travels at risk of purchaser. This stock is carefully packed and we hold "good order" receipt from the Transportation Co. for same. There our responsibility ceases. If the stock reaches you in bad condition accept it "in bad order," notify agent and bring claim against the Delivering Co. for damage caused by their negligence, as no allowance for this cause can or will be made by us.
9. The Nurserymen's Exchange gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out; they will be in no way responsible for the crop.

Camellia Double: The flowers are of the Camellia type and very
large. This is best for greenhouse culture.

Carnation or Double Frilled: (Fimbriata Plena) This type produces a
large double, resembling a carnation in form. The petals are frilled
and have serrated edges.

Crispa or Single Frilled: Produces large, profusely frilled and ruffled
single flowers.

Hanging Basket or Lloydii (Pendula fl. pl.) This is the Pendula or
Lloydii type, containing double flowers only. Often hundreds of
blossoms to a bulb.

OTHER BEGONIA TYPES IN MIXED COLORS

The following are distinct types of begonias and come in mixed
colors only.

Cristata or Crested Type: A single type, slightly frilled, a coxcomb-
like tuft or crest is borne on each petal.

Marginata: A crisa type flower, white with pink edge, and salmon
with copper edge.

Marmorata: A camellia flowered double bloom mottled in red and
white.

Multiflora: Large numbers of small flowers.

Picotee Double: A camellia type blossom with the edges of each
petal in a different shade of color. Available in mixture only.

Rose-Bud: A double type resembling rose buds.

CHRYSANTHEMUMS

Rooted Cuttings—F.O.B. Ohio

In order for us to be able to assure the delivery of mum cuttings when you want them, it is necessary to have your order approximately **SIX MONTHS IN ADVANCE** of the shipping date requested.

For the best service we suggest the following procedure for ordering "Mum" cuttings:

For Sept. 1949 crop—order during Oct. 1948

For Oct. 1949 crop—order during Nov. 1948

For Nov. 1949 crop—order during Dec. 1948

For Dec. 1949 crop—order during Jan. 1949

We have found the above program very necessary in our own operations and we highly recommend this plan to those who are interested in a well coordinated chrysanthemum program.

50 Cuttings of a variety is the minimum that can be supplied. Always order in multiples of 50. No orders for less than 500 total.

No complaints will be entertained for shipments received in bad order unless accompanied with a bad order report form from the carrier.

GIVE YOUR MUMS A GOOD START WITH PLANT BANDS.

Plant Calendula in summer for fall blooming.

Pacific Beauty Calendula (New)

This new family of Calendula is the result of several years work to produce a strain with uniformly large flowers of better formation, longer and straighter stems, more clear colors, and more resistant to mid-summer heat.

Apricot Beauty—Of an attractive two-toned effect together with large flowers and long stems. It is a far better apricot-colored Calendula than any we have heretofore seen.

Cream Beauty—The creamy-white shading to soft light yellow makes this the most delicately colored of all Calendulas, and the most distinctive shade combining well with all other colors.

Lemon Beauty—A pure lemon yellow. The long, wide petals give the flowers a much more graceful appearance and the centers are well covered with wide incurving petals.

Persimmon Beauty—Flowers of a true persimmon-orange of unusual brilliance and size, with long graceful petals on tall, vigorous, long-stemmed plants.

Pacific Beauty Mixture—A blend of the four varieties described above.
Price of each, \$0.50 per oz., \$6.00 per lb.

Bloom-Rite

PACKAGED BULBS

The age of packaged merchandise is here. Everything from flower seed to fertilizer is packaged. Bloom-Rite Packaged Bulbs are neat, easily handled and attractive. The appealing box is designed for compact stacking on your shelves as well as top display on your counters. You can discard the clumsy, ugly bulb racks that sift dirt on your floor.

You are not just buying ordinary bulbs when you buy Bloom-Rite Packaged Bulbs. You are buying quality that insures repeat sales—and profits. The package makes the first sale—the bulbs make repeat sales.

Each box has a full color illustration and planting directions. You save selling time without involved conversations on how deep the bulbs should go, type of soil, when to plant, or what the blooms will look like. It is all on the box.

Your garden club members will like them as bridge prizes. They are ideal gifts. They are easy to sell.

We guarantee that these Bloom-Rite Packaged Bulbs will satisfy you. If you are, in any way, dissatisfied, you may return them within five days of receipt of shipment and we will refund your money.

PETUNIAS

PAN-AMERICAN ALL-DOUBLES

Allegro. Large, fully double flowers of clear, deep salmon are carried on fairly dwarf plants. An entirely new color in the all-double class.

Minuet. Lavender-orchid. This variety is inclined to draw up and should be pinched for shapely plants.

Sonata. Large fully double, pure white flowers. Not as compact in growth as most varieties and should be pinched to induce branching.

Caprice. Dwarf-growing, deep rose; fine, uniform habit.

Nocturne. Semi-double, deep Elk's Pride purple. The medium-size flowers are borne on dwarf, restricted plants.

Mixture. Contains both tall and dwarf types in all of the above colors. This formula mixture is first class in every respect.

Sudbury Soil Test Kit

Grow Bigger, Better Crops

Your surest guide to sturdier stock, more plants, higher prices. Test your own soil expertly—quickly learn how much nitrogen, phosphorus and potash it needs for every crop—whether soil is acid or alkaline (pH). Charts show needs of 125 flowers, vegetables, shrubs, trees, ect.

No Knowledge of Chemistry Needed

Easy to do—no exacting measurements. No lost time waiting for reports. Test any field or plot—even soil in your frames or greenhouses—whenever you want. A Sudbury Soil Test Kit assures bigger, better crops, and boosts your profits! Saves money often wasted on wrong analysis fertilizer—overdosing can do harm instead of good. In 10 minutes you will learn more about your soil than in a lifetime of business. Same kit furnished government departments, florists, nurserymen, etc. Handsome butternut chest 18 3/4 in. long and 5 3/4 in. wide, ready for hundreds of tests. Complete instructions.

Floralite

A new form of garden lighting designed to bring out the night-time beauty of your flowers, bushes and shrubs. Simple to install—just plug into any electrical outlet on porches or thru basement windows. The amber light repels insects. Perfect for Rock Gardens, Lily Ponds, Garden Paths, Rose Arbors, Entryways, Barbecue Pits, Driveways, Evergreens, Dangerous Steps, etc. These lights retail at \$5.00. They sell easily.

\$3.50 each

A Floralite keeps accidents from happening as well as brightening approaches and adding beauty. Floralite discourages prowlers. Trespassers don't lurk around bushes that are Floralited. The soft, amber lights add new richness, new beauty and a greater dept of color to foliage and blooms.

Greenhouse Putty

The very best compound for greenhouse glazing. Seals the glass to the wood in a weather-tight elastic bed. One that stays resilient for years and cushions the shock of vibrations and expansion and contraction. Unlike putty left unprotected by paint it does not set up hard and then crack, crumble and wash away.

Greenhouse White Paint

Quality Paint of prewar days. The paint you knew you could rely upon to stand up under the beating it must take on your greenhouse. The sun's heat, moisture, ice, sleet and snow. Easy to apply. It's white when you put it on and stays white. Does not leave brush marks when it dries. Chalks off slowly as it weathers and forms a perfect surface for repainting.

Gutter Coating

Preserves cypress and redwood gutters. Black only. One gallon paints 150 lineal feet.....\$1.35 per gal.

Rust Proof Paint

Clear—Rust, when merely painted over, continues in action until it breaks through the surface again. This is caused by the chemical action of moisture and oxygen on carbon, sulphur and other impurities in the metal. Ordinary paints do not penetrate deeply enough into the rust pits to stop it. Our rust-inhibitive paint does.

1 gal.....	\$4.50	5 gals.....	\$22.00
------------	--------	-------------	---------

Stack Paint

Black, heat resistant paint. Designed to prevent corrosion on greenhouse stacks. Does not crack. Penetrates rust and seals surface against further attacks of rust.
